GEWING MACHINES—CAUTION.—

their patent, as they will prosecute to the extent of the law all such infringments.

Our machines are now offered for sale for the first time. They have been in use in this city for one year. One firm has made ten thousand dozen Cioth and Plash Caps. Several other companies have employed them very profitably in making clothing, carpet and grain bags, and for other purposes. There are a number now in use at the factory of H. W. Banks & Co. Elm, corner of Canal-at, where those wishing to purchase are invited to call and see them in operation. Mesers. H. W. B. & Co. are authorised to make sales of Rights or Machines for use in this city.

These machines are as easily managed, that a child of 14 years of age has kept even machines (which are propelled by steam and employed in making bags) in good order for some months past, attending at the same time to the running of her own machine and doing with it the work of four addicts? Jewing by hand.

These machines can be driven by hand, treddle, or steam power. To persons wishing to make an experiment before the processing of the machines now in operation, we repeat our callion against infringments, which will certainly be prosecuted.
